## TRAVEL LETTER FROM TREATING DOCTOR

To whom it may concern:

[patient's name]

---

This patient has a bleeding disorder called

---

indicating a deficiency (and/or malfunction) of factor

---

The patient is well known to me. If internal or external bleeding occurs, the patient responds well to early selfinfused transfusions of anti-hemophilic factor concentrates, preferably

[name of concentrate]

---

[patient's name]

---

judgement as to when these products should be used and as to the quantity may be relied upon.

Yours truly,

[doctor's signature, name, position]

---

---
